## Adding logo on top of the image

When image is covering logo that is placed in the left bottom corner of the slide, you'll need to add it manually. Just copy logo from this slide, and place it where needed.
If image is too light for the white logo, copy dark blue/orange combination from brand elements slide (54).

# Case study slide

### Case study title

Infogenetica currently has operations in Canada and Mexico and was looking to expand into the US market.

### Case study title

Using Riipen, Infogenetica matched with learners studying international market management at CSU.

### Case study title

In teams of 4, learners worked during their semester to research market opportunities in the US and make recommendations.

### Case study title

Learners put together a location analysis including an optimal location recommendation list, primary data collection; surveys, research into future consumers, and an overview of the legal / regulatory environment.

# Header, content and chart layout title

## Add sub-header or important information

Editable charts are inserted from Google spreadsheets, where you can add values and format the look of the charts. For adding a new chart, go to insert tab, choose charts and what kind of a chart you would like to use. When default chart is added to your slide, choose “open source” from drop down menu in top right corner of the chart area to open a Spreadsheet with your chart. For more info about editing chart there, please see this LINK.

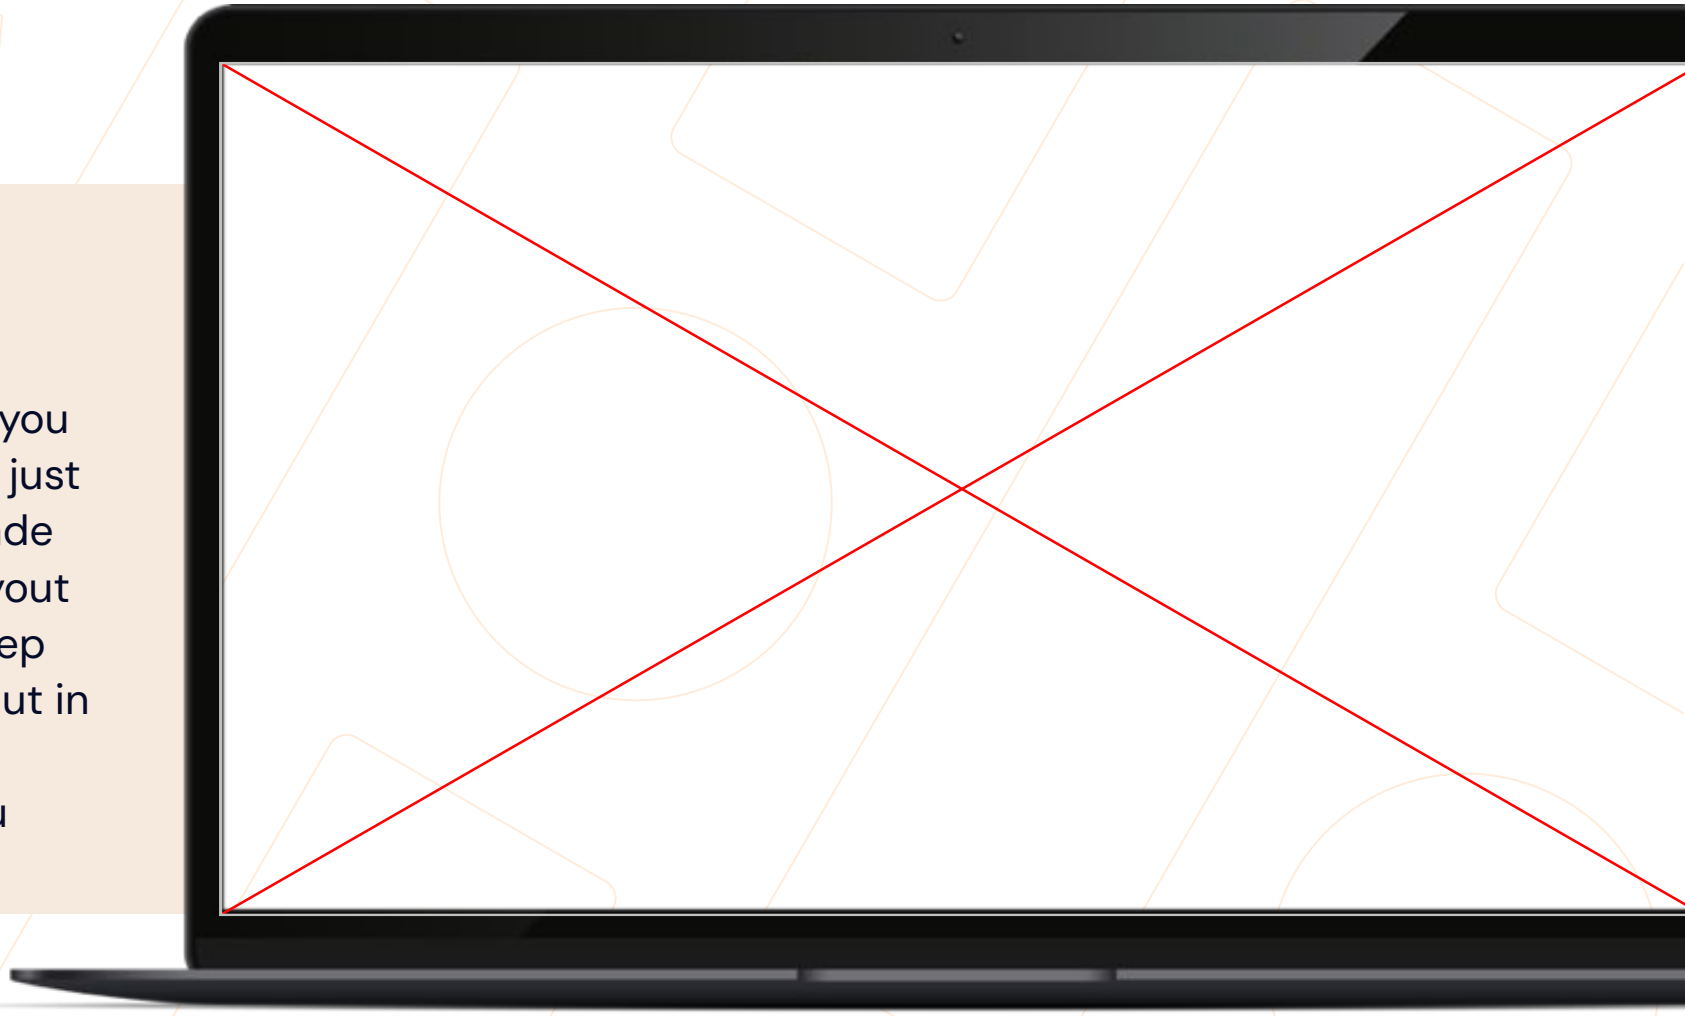
# How to edit template master

- For entering slide master, go to main menu “View”, and from there choose “Theme builder”
- Now you entered master layout, and you can edit any master template layout, just keep in mind that changes will be made on all slides that uses that master layout
- If you want to make edits but also keep original layout, right-click on the layout in the layout panel on the left side, and choose “Duplicate layout” from menu



Appendix

# Adjusting of the blocks with portraits

- In the team builder view, go to the master layout of the slide, adjust size of the image placeholder, text boxes and background shape behind the text
- Close the team builder view, adjust image (different crop or placement) and adjust text if needed
- If image is covering logo at the bottom right corner, place a new one (dark logo can be found on slide 54, and white logo on slide 28)
